

UTS 1000

UTS 1000 is a transportable stationary plant for shredding and recycling of aggregates, rubble, asphalt and other materials.

It is able to achieve maximum productivity with minimum consumption; moreover, the slow action of the trees of the shredder guarantees low noise pollution and reduced dust emission

FEATURES

- Automatic programs for shredding different materials
- Ability to process wet materials
- High wear resistance
- Low emissions and acoustic pollution

OPTIONS

- GPS
- Belt scale
- Hydraulic pushers
- Electrical greasing pump

1 Hopper

Volume: 3.00 m³
Length: 3.00 m
Width: 2.00 m

2 Shredder

Model: FTR 1000
Surface: mm 1000 x 900

3 Main conveyor

Width: 800 mm
Length: 8 m

4 Electric drive

Supply: 45 kW

Max. production

120 t/h

UTS 1000	Transport Dimensions
Length	8.70 m
Height	3.10 m
Width	2.50 m
Weight	12'000 kg
