

UTS 1500

UTS 1500 is a transportable stationary plant for shredding and recycling of aggregates, rubble, asphalt and other materials.

It is able to achieve maximum productivity with minimum consumption; moreover, the slow action of the trees of the shredder guarantees low noise pollution and reduced dust emission

ELECTRIC DRIVE

FEATURES

- Automatic programs for shredding different materials
- Ability to process wet materials
- High wear resistance
- Low emissions and acoustic pollution

OPTIONS

- GPS
- Belt scale
- Hydraulic pushers
- Electrical greasing pump

1 Hopper

Volume: 3.80 m³
Length: 3.50 m
Width: 2.00 m

2 Shredder

Model: FTR 1500
Surface: mm 1500 x 900

3 Main conveyor

Width: 800 mm
Length: 8 m

4 Electric drive

Supply: 70 kW

Max. Production

200 t/h

UTS 1500	Transport Dimensions
Length	9.30 m
Height	3.10 m
Width	2.50 m
Weight	17'300 kg
